American Numismatic Society,
Broadway & 156th St.,
New York City.

Gentlemen:

May we have the pleasure of quoting you on your newspaper clipping requirements?

By reason of our five reading rooms in five of the principal cities, under direct control, and connections with strong bureaus on the Pacific Coast, we are in a position to give you a service which cannot fail to meet your wishes.

Information in detail as to the clippings you can use will be greatly appreciated even if at present we cannot interest you in our service.

Very truly yours,

JL
MHH
